Homework

Write a letter to your Juvenile Counselor or Probation Officer explaining what you have learned in class or what changes you are making as a result of this class. We may provide this to your JC/PO in your final attendance record if they want an understanding of your participation. Please make this letter personal to your experience. You are required to write at least two paragraphs.

Some questions you might answer in writing your letter:

- 1) The things I have done that add to conflict with another person.
 - 2) How what I did might have been hurtful to the other person.
 - 3) How I will change my behavior so that I am not part of a peer or family conflict
-
