

2024 ANNUAL REPORT

It's hard to believe that 2024 has come to a close. The Domestic Violence Resource Center has been fortunate to experience another successful year supporting survivors in Washington County and beyond. Our expansive organization has touched many lives through our Advocacy & Empowerment Program, Counseling Services, Housing/Shelter Services, and our 24/7 crisis line.

The gifts shared with us by our community over the last year make it clear you support and believe in the work we do. In the next year, we will continue to ensure that our supportive and empowering services are available to all survivors of domestic violence in need.

We'd also like to recognize that 2025 is our 50th year of service. The past 50 years have been an incredible journey of expanding our programming, developing community partnerships, and making sure that survivors know there is always someone in their corner. All of this, and more, would not have been possible had we not had you behind us.

In closing, we'd like to thank you for your support and belief in DVRC. We look forward to what the future holds for us and are grateful to have you standing with us in our mission of supporting and empowering survivors and their children who are affected by domestic violence.

With heartfelt gratitude,

Janine Lisac-Goans
Interim Executive Director

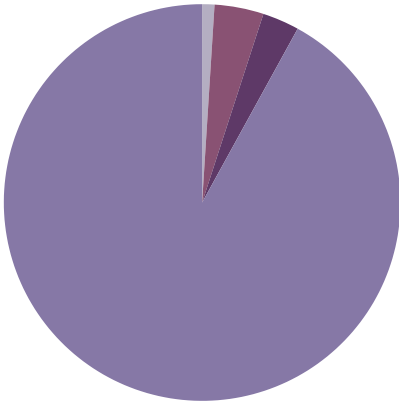

2024 HIGHLIGHTS

- Awarded Nonprofit Partner of the Year at the 2024 Beaverton Area Chamber of Commerce Mover of Mountains Gala.
- Expanded Sojourner's House program from 20 to 35 vouchers, allowing us to provide independent living support to additional families in need.
- Began the Community Painting Art Group to provide a space for collaboration between survivors, community members, and service providers to create a mural that will be unveiled during Sexual Assault Awareness Month in April 2025.
- Revamped the Children's Program at Monika's House to now offer children's yoga and movement classes, a weekly art and feelings group, and journaling activities. Plus, we updated play areas at Monika's House and Mary Mac House!
- Launched a mentor program at Monika's House to create a safe space for former program participants to return and support new survivors entering the shelter.
- In collaboration with the Family Justice Center, we provided 297 survivors and their children with gifts and more during the holiday season.
